

what is theory?

1

Use Theories

Theories according to Someone, are ways in which one controls/deals with/handles the world.

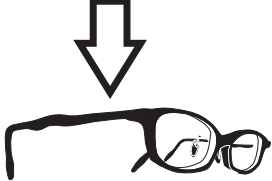

2 3

But theory creates some sort of blindness at the same time. The particles that do not fit are discarded. That worries me.

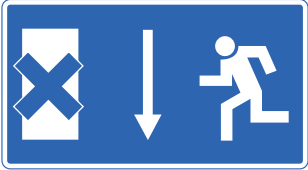

10 11

Put Face Here For Better Sight.

Theories are also like frames of seeing. Like lenses that enable you to see. It is impossible to see without 'theory.'

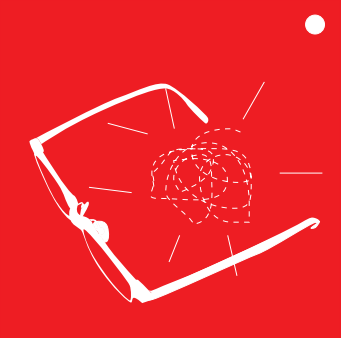

4 5

No Backing Down.

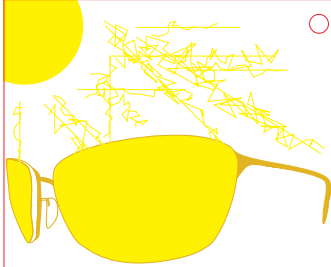

And I'm not quite sure if I am comfortable saying this, because it's like another 'theory' about the way things work. But I have to be

12 13

If you do not have a theory, it's like saying you don't have a body (but some think it's possible).

6 7

Does one need theory to understand art?
-no?
Does one need theory to analyse work?
-yes?
yesnonoyes?

14 15

Seeing for understanding of apparently inchoate material. Incoherence becomes coherence, because the particles in the frame fit together.

8 9

It cuts into my eyes like lasers...

No Backing Down.
